Vol 10 No 4 Editor: A Huxtable 78 Toynbee Road LONDON SW20 8SR Winter 1972

EDITORIAL

In an effort to encourage more of you to write more often to me (either in the rôle of Editor of NUTS Notes or Hon Secretary) and also to exhaust the supply of slightly outdated headed paper (!), I am enclosing several sheets of same for your use. I expect to mail the next issue of NUTS Notes in the latter half of March 1973 (i.e. before the publication of "British Athletics 1973") and would welcome statistical and other contributions to that issue.

Which brings me to a fairly significant item of news: the BAAB will not - after next year - undertake publication of the annual. At present, it is not certain whether the 1973 lists will be published in the same form and to the same depth as ~~currently~~. Negotiations are expected to take place between the NUTS and a number of interested publishers next year, and I shall attempt to keep members informed of developments.

Seasonal greetings to all members and a statistically rich New Year!

MISCELLANY

§ I finally got round this year to reading "Today's Athlete" (ed. Brian Mitchell), published by Pelham Books in 1970 at £1.75, and was absolutely astounded to read the following assertion by the editor in his chapter entitled "The Loss of Young Athletes": "... the heavy emphasis put upon times and distances, points of a second, ranking-lists and records, has created the impression (taken up by the watching public) that athletics draws its life-blood from the National Union of Track Statisticians. It does not." (pp 164-5). I would welcome comments from members on this!

§ Vice-President Len Gebbett, Head of Land Use and Decisions Analysis Section of the GLC Intelligence Unit, has had contributions in recent issues of the Unit's Quarterly Bulletin: "The 1971 Greater London Land Use Survey" (March 1972) and "Analysis of planning decisions" (September 1972). He is also the author of "The Land Use Survey 1966", GLC Dept of Planning and Transportation Research Report No. 8. He is still UK correspondent for the GDR weekly "Der Leichtathlet".

UK ALL TIME BEST PERFORMANCES No 2 - DECATHLON (Amendments)

Add: King 7191 (3) 10/11 Dec 69 Los Angeles  
 (11.2 684 1628 173 51.6 16.6 4754 350 5670 4:40.9)

Amend: Travis 6668 (1) 21/22 Apr 67 Loughborough

Note: Gabbett 7481/7469w(2) 21/22 Jul 70 Edinburgh (M)  
 Smith 7033/7033w(4) 21/22 Jul 70 Edinburgh (M)

These performances do not comply with the amended IAAF Rule 148 (5) since the 110mH performances in each case were achieved with following winds in excess of 4m/s (4.6 and 4.9 respectively). It is suggested that the total scores in these (and similar) cases be marked w to distinguish them from marks which would be eligible for ratification as records, and to mark the individual performance(s) with excessive wind w.
