# NUTS NOTES

Vol.19 No.1

January 1981

## NUTS We Need You!

The main aim of the NUTS is to produce annual ranking lists, as published in the UK Athletics Annual.

There are more and more athletics meetings held each year, and most do not get reported in 'AW'. Unfortunately many pretty important fixtures are included in this category. Also 'AW' may not receive full details, and for our lists we, of course, need exact dates, christian names, dates of birth etc. as well.

The compilers of the various events and age groups need your help in gathering information. Please send in as much as you can, whether copies of official results, or just your own jottings.

Over the past decade there has been a sharp fall in the flow of results from members, yet there has probably been an increase in the number of important meetings whose results do not get into 'AW'.

Surely some NUTS members go to Athletics meetings! If you do, never assume, unless an 'AW' man is there, that results will be published. In 1980, for instance, the Southern Junior and Youths Championships were missed as were many county championships, including for the second year at least such important ones as Surrey and Warwickshire. Nor have we seen the South Western Championships, many BMC races and of course Stretford results. The list goes on!

I am sure that there were NUTS members present at some of the above and other such 'missing' meetings.

Please help to ensure that compilers have an easier task in 1981. At the moment we get many more details from end-of-year club ranking lists than we do from you during the season. The compilation process would be much easier if such results could be received during the season. I, and the other list co-ordinators such as Ian Hodge, Liz Sissons and Tony Miller, would also have less work to do during the winter, trying desperately to locate missing details.

So let's have some New Year Resolutions to collect and send in results, newspaper cuttings, snippets of information etc.

Peter Matthews

## TO COMPILERS

My grateful thanks to you all for all the hard work that you have done on your lists.

Most of you are continuing in 1981, so very best of luck with your researches and compiling.

Looking back at the 1980 lists:

To some of you - please read the notes on compilation! It is most important that you present your lists in a standard format. Remember that they are used as the basis for the final typed lists, and it slows the typist if she (even such an expert as Liz) has to interpret. For instance dates should be as 25 Sep, not 25/9; venues - Hendon is London (He), Ashton Playing Fields = Woodford etc. Also do try to ensure that they are clearly legible. Index cards should be in exactly the same format as in the Annual, e.g. Christian Name in full with other initials, events abbreviated per standard.

Editorial Note

Hopefully members will take note of the Chairman's remarks on Page 1. Everybody's support in this regard is essential!

The content of this issue is again fairly varied. It would be nice, however, to receive more articles or counterbalance the statistical compilations. There has been a good response for Who's Who in the NUTS, which will be continued in future issues. One or two should not be taken too seriously! The depth in the UK All Time list for performers (just over 250) is about right; however the depth for performances (approx 450) could be thought to be excessive for a 32 page issue and a similar depth to the performers list (of 250) could be more realistic in the future. Your comments would be welcomed. With regard to All Time lists, if there is anyone who would like to compile one for 100/200/LJ/EJ, again let me know.

In the last issue Peter Matthews compiled the UKAT Lists for 300-600-1000 (men & women) and the amendments to 1979 Lists and Richard Hymans put together the 1980 World Merit Rankings - my apologies to them for not giving them credit at the time.

Finally, all contributions for the next issue will be very welcome.

WHO'S WHO IN THE NUTS

It was decided, some while ago now, by members of the committee that it would be a good idea to provide a Who's Who of our membership, elaborating on the basic details of the list of members that is sent out each year and the information that follows has been gleaned from the questionnaire that was recently sent out to members. My thanks to all members who returned their form. To those who did not but would like to be included, it is not too late.

Details are given in the following order:

Surname, First name(s), Date and place of birth; occupation; marital status and children (if any); height/weight; education; interests (other than athletics); Year athletic interest started; greatest performance(s) witnessed; Best marks(if active).

BENDY, David Allan; b. 13.7.43 Weston-super-Mare; Teacher; m.; 1.71/61; Univ. of Birmingham; Reading, photography, travel, most other sports; 1954; 12.52.4, Ron Clarke, 1965, 50.97, Marilyn Neufville, 1970; 2M 9.40.4 (1968), 5000 15.41.8 (1973), 10000 32.30 (1972), 10M road 52.15 (1973), 20M road 1.51.55 (1972), marathon 2.28.18 (1973), London to Brighton 5.55.45 (1977).

BRIAN, Patrick Edward; b. 28.5.36 Leytonstone; Marketing Planning Manager; m., 1 d (Julia Clare 17.11.64), 1 s (Graham Edward 17.9.68); 1.93/85.27 (6'4"/188lb); St. Joseph's College, Beulah Hill, and Archbishop Tenison's Grammar School; House Decorating/Maintenance and Gardening, sports history and statistics (evenings only), Cinema and television (selective viewing), Squash and Darts (actively), Football (Crystal Palace supporter since 1946), Five-a-side football refereeing, eating and drinking; 1948; Too many to list but those which will always be remembered include Clarke's 3M W.R., Pennel's PV W.R., Tulloh's EC 5000m in 1962, Chataway v Kuts, Bedford's 10 km W.R., Elliott's 1M BECC 1958, Coe's 1:44.0, etc.; not active - no good (let alone best) marks even when active!

BURTON, David; b. 12.1.35 Nottingham; Metallurgist; m., 4 s (21, 19, 17, 16); 1.80/64; 5' 0" Levels, ONC & HNC Metallurgy, Associate Institution of Metallurgists (Part time study); Music (particularly country & western), Reading, Philately; approx 1948; 8.8.76 S. Former NUTS chairman Bob Phillips never got beyond county standard during his own track competitive career (best performances of 50.6\* for 400m and 1:55.1\* for 800m which shows just how long ago he was in serious action!), but he is quietly confident that his elder daughter will reach greater heights. Francesca, 14, totalled 2,724 pts for sixth place in the Northern Counties junior pentathlon championship last September, and as that was her first ever attempt at the five events Father feels it holds out great promise for the future.

She has recorded 13.2 for 100m, 27.4 for 200m, 65.4 in her only 400m race, 2:29.1 for 800m, 13.1 for 100m hurdles, 1.44 in the high jump and 5.01 in the long jump. She was also third in this winter's Wirral Schools' Under 17 cross country championship. She runs for Wallasey A.C.

Inspired by his offspring's achievements, Bob (who is a member of Wirral A.C.) has turned his attentions to the marathon and finally achieved a lifelong ambition to break three hours - recording 2:58:44 in last November's Barnsley event. His previous best was 3:11:59 in the 1980 Sandbach race and he is now planning to run the inaugural London marathon.

He points out that the NUTS already have at least two marathon runners of merit in their ranks in Dai Davies and John Walsh, and he wonders whether they and any other aspiring marathon nuts would like to consider a team entry for the London race and perhaps pool finances for having suitable inscribed vests made for the occasion. Any suggestions for a suitable slogan?

\*\*\*\*\*

Dave Martin feels that Bob's idea of a NUTS team for the London marathon is a good one - perhaps including Dai Davies, John Walsh, Dave Cocksedge, Mel Watman, Bob Phillips - and suggests that interested members contact Bob direct at:- 35 Alderley Road, Hoylake, Wirral, Merseyside.

Compiler's note:-

In the above legal list, those times marked by an asterisk indicate that the actual automatic time is unknown and the listed time is the slowest possible.

An entirely separate "windy" list has been compiled as I think it best that these performances should be kept apart.

My thanks to Bob Sparks for his assistance with automatic times achieved before 1974.

Most mentions in the list:

Berwyn Price	69 inc. 9 windy	Alan Pascoe	26 inc. 5 windy
Mark Holtom	38 inc. 7 windy	Wilbert Greaves	23 inc. 4 windy

GEOFF CAPES - Throws to 20.00m

(Series where possible to 20.50)

Capes was ranked World No.1 in 1975, but perhaps his best year was 1976 when he reached 21 metres on eight occasions and performed superbly all season except at the Olympics. In that Olympic year he threw his best distance of 21.15 outside of Great Britain when 2nd to Barashnikov against the USSR.

His major wins are from the 1974 and 1976 European Indoor champs; in the 1974 and 1978 Commonwealth Games and the 1975 European Cup. His best win being in Gothenburg's European Indoor when he responded to Rothenburgs' 20.87 with 20.95.

He has also won 15 AAA titles (7 Outdoor, 6 Indoor and 2 Junior).

His last defeat by a British thrower was on 8 Aug 70 at White City by Jeff Teale.

He also threw the Discus 58.34m (and finished 5th in the 1974 Commonwealth Games) and has run 60m in 7.5.

The Moscow Draws (or Red Bloomers?)  
by Stan Greenberg

In the 85 races, at the Moscow Olympics, in which lane draw is thought to be significant (women - 200, 400, 800, 4 x 100, 4 x 400; men - 200, 400, 800, 400H, 4 x 100, 4 x 400) the following data relating to the draw may be of interest. It certainly seems to indicate that Great Britain was unfortunate, to say the least - a feeling that many TV viewers have already expressed.

	<u>Outside Lane</u>	<u>Inside Lane</u>		<u>Outside Lane</u>	<u>Inside Lane</u>
Great Britain	11	3	Jamaica	3	3
USSR	7	13	Belgium	3	2
GDR	6	8	Brazil	1	2
Trinidad	5	2	Uganda	2	2
Poland	5	6	Tanzania	2	2
Nigeria	4	4	Hungary	3	1
Cuba	3	1	Cameroun	3	0
Bulgaria	2	8	Netherlands	2	0
France	2	4	Italy	2	2
Sierra Leone	1	4	Roumania	2	0

The above list is not exhaustive, but does include all major items. While numbers of entries are an important factor to be taken into account, it does seem that Lady Luck smiled on some countries more than others. However it should be noted that the seeding was done by Fred Holder (GB) and Artur Takac (Yugoslavia), and it is interesting to note that both their countries were "unlucky".

All Time or Automatic Time?

Perhaps it's pedantry, but it disturbs this reader of NUTS NOTES to see best performers lists for certain events described as "All Time" Lists when they include only fully-automatic timings, without any reference to this criterion. Without entering into the controversy over the margin of precision in hand timings, it seems inconsistent to exclude from All Time lists performers of the pre-electronic era whose timings - by the method then in use - are worthy of inclusion. By all means let's list them separately, as we do in the UK Top Ten rankings in the Annual. In the October issue, for example, the Commonwealth All-Time List doesn't include - or separately list - hand-timed performances, as far as I can see. I do think it's a pity to see 'old-timers' like McDonald Bailey (10.2 in 1951) omitted from an 'all time' list. But could we stop confusing "All Time" with "Fully Automatic Time", as we seem increasingly to be doing in NUTS NOTES? Okay, let's say it: I'm behind the (fully automatic) times.

Mark Butler

NUTS member, Mark Butler, has compiled the most comprehensive club season's review that I have seen. This is for Elliott A.C. 1980. Elliott have had their most successful season ever, winning promotion to Division One of the Southern League and reaching the final of the GRE Plate competition, placing 5th.

Mark was a stalwart member of Elliott's team and improved his p.b.s to:

100m - 11.5, 200m - 23.2, 400m - 51.9

He improved his 400m p.b. five times during the year.

Peter Matthews

NUTS member, Roger Gynn, is disposing of a quantity of track literature including complete years of Track & Field News (1956 to 1966, 1973, 1975-6-7), T & FN Olympic and Annual Review numbers, ATFS Reports and All Time list publications, British Athletics (since 1961), Olympic Reports, etc. Priority given to NUTS members. SAE for price list to Roger Gynn, 36 On The Hill, Carpenders Park, Watford, Herts, or telephone 01-428-2145/01-725-2402 (business).
